Currency Counters

STEELMASTER

NEW!

Remote display included

A

A. Professional Currency Counter with IR, UV & MG

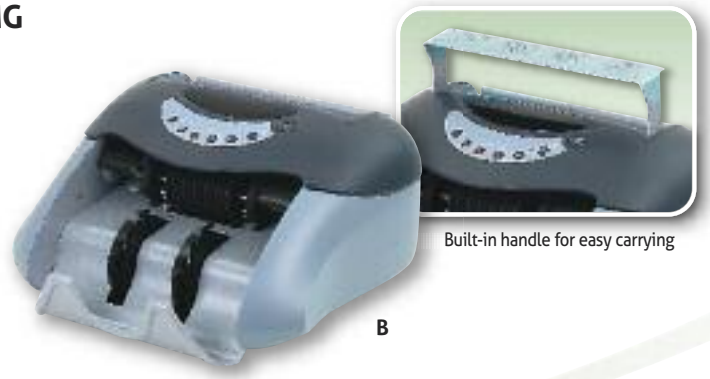
- ***Equipped with features designed to save time and simplify operation, it is ready to take on a variety of cash-processing jobs***
- Counts 1300 bills per minute and multiple stacks while keeping track of the total amount
- Infrared sensors are able to spot a wide range of bill discrepancies, including half, double and chain notes
- Ultraviolet and magnetic sensors detect a wide range of counterfeit bills
- Lightweight and compact, this is easily transported by using the built-in handle

Model No.	UPC Code	Dimensions W	H	D	Shpg. Wt (lbs.)
2005520UM	0 78541 17464 1	11"	6-1/4"	10"	16

B. Professional Currency Counter with UV & MG

- ***Deliver fast, accurate and reliable currency counting, from the first note to the last***
- Features a one-piece steel chassis and precision-manufactured steel roller bearings, making it more durable than other machines in its class
- Automatic and manual counting modes for full control
- Large hinged top cover that provides easy access to the rollers making cleaning a breeze
- Infrared, ultraviolet and magnetic sensors are able to spot a wide range of bill discrepancies

Model No.	UPC Code	Dimensions W	H	D	Shpg. Wt (lbs.)
200TUM	0 78541 17463 4	10"	6"	10"	15



Built-in handle for easy carrying

B

Coin tubes

C

C. Coin Counter-Sorter-Wrapper

- ***Easy to use, it counts, adds, batches and drops coins into coin wrappers***
- Recognizes individual denominations and sorts them automatically into large bins or coin tubes
- A built-in steel handle makes transporting easy
- An easy-to-read LED display, shows both number of coins and dollar amount for each denomination, as well as the grand total
- Sorts and makes wrapping easy with pre-formed coin tubes (page 17)
- Counts 300 coins per minute from its 2,000 coin hopper

Model No.	UPC Code	Dimensions W	H	D	Shpg. Wt (lbs.)
200200C	0 78541 17460 3	11-1/4"	10-1/4"	10-3/4"	14

Coin Counting & Sorting

A. Coin Counting Tubes

- ***Designed for use with tubular coin wrappers; each funnel-top tube is standard bank color for quick, easy sorting***
- Four-tube set includes pennies, nickels, dimes and quarters
- Made of durable molded plastic

Model No.	UPC Code	Description	Shpg. Wt. (lbs.)
224000400*	0 78541 20040 1	Coin Tubes	.04
216062047*	0 78541 22200 7	Wrappers (20/Pack)	.03

Because coin thickness can be different due to wear, counts may vary slightly

B-C. Coin Counting Holders

- ***Allows you to store, count and wrap pennies, nickels, dimes and quarters***
- All four-tube denominations show the amount of coins
- Once full insert wrapper to transfer coins from tube to wrapper

Model No.	UPC Code	Description	Shpg. Wt. (lbs.)
224000614*	0 78541 20060 9	Coin Tender	.03
216062047*	0 78541 22200 7	Wrappers (20/Pack)	.03

U.S. patent no. 5,441,448
Because coin thickness can be different due to wear, counts may vary slightly

D. Coin Sorting Trays

- ***Use coin counting trays for fast, accurate and economical coin sorting***
- Pour coins into stacked trays and shake
- Compact, color-coded, interlocking trays prevent spilling of coins

Model No.	UPC Code	Description	Shpg. Wt. (lbs.)
223400000*	0 78541 20400 3	Trays	.07
216062047*	0 78541 22200 7	Wrappers (20/Pack)	.03

Because coin thickness can be different due to wear, counts may vary slightly

*Full color retail packaging

Currency Straps & Coin Wrap

A. White Kraft Currency Straps

- ***50# white kraft paper is printed with colored bar and capacity***
- Select bands conform with Federal Reserve Bank requirements
- 1-1/8" wide straps have self-sealing adhesive, holding 100 notes per strap
- 1,000 straps per box. 20 boxes per case. Shpg. Wt: 1.1 lbs. per box

Check Correction Supplies

Check corrections made easy for all proof department personnel

A. MICR Correction Labels

- ***Heavy-duty, 4-mil, foil-backed label with a smooth EDP paper allows you to cover old MICR codes and easily re-code***
- Adhesive-backed labels stick securely and are available in three widths
- Easy-to-dispense box allows you to separate label from wax paper
- Fusion-proof special finish prevents sticking or clinging
- Packed 1,000 seals per box

Choosing the right Correction Label:
- Size 2-1/4" x 7/16" is typically used for Amount Field
- Size 2" x 7/16" is typically used for Amount Field with tight positioning
- Size 1-3/4" x 7/16" is typically used for the Routing and Transit Fields

Model No.	UPC Code	Dimensions W	Dimensions H	Boxes/ Case	Shpg. Wt./ Case (lbs.)
269400100	0 78541 01410 7	2-1/4"	7/16"	12	5.6
269400200	0 78541 01420 6	2"	7/16"	6	2.8
269400300	0 78541 01430 5	1-3/4"	7/16"	6	2.7

1) Pull waxed backing
2) Label slides off at top
3) Peel label from edge
4) Apply to check

A

B. Code-Erase® MICR Code Remover

- ***Code-Erase is a complete MICR print eraser system that removes iron oxide from encoded checks rendering them unreadable by OCR scanners***
- Solution bottle contains a long-life magnet that traps ink from the dauber and solution leaving both clean for your next smudge-free erasing
- System allows you to make up to 2,500 clean, smudge-free erasures with the fast-drying solution
- Unique formula does not cover ID, signature or vital data
- Each Code-Erase system includes four 4-oz. bottles of solution, one tray/holder and one blotter insert

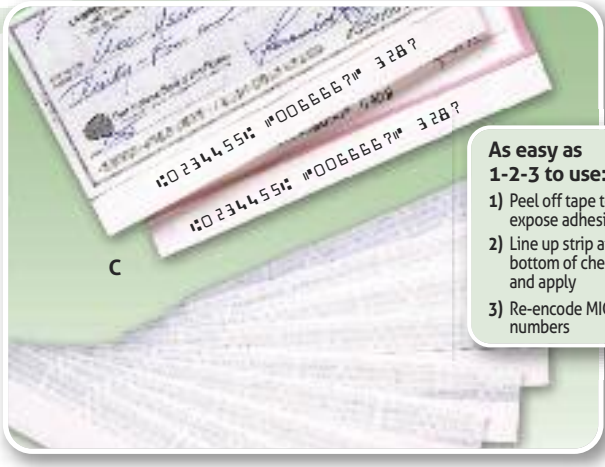
Model No.	UPC Code	Shpg. Wt. (lbs.)
269600400	0 78541 01640 8	2.7

B

C. MICR Correction Strips

- ***Printed on high-quality MICR bond and translucent paper***
- MICR Strips measure 1-1/8"W x 6"D with a removable adhesive backing for fast application
- Translucent paper reduces bulk and allows endorsements to show through for microfilming
- For best results, correction strip should be flush with the right edge of the check
- Packed 1,500 strips per box
- 10 boxes per case

Model No.	UPC Code	Dimensions W	Dimensions H	Shpg. Wt./ Box (lbs.)
269400800	0 78541 15558 9	1-1/8"	6"	2.3



As easy as 1-2-3 to use:
1) Peel off tape to expose adhesive
2) Line up strip at bottom of check and apply
3) Re-encode MICR numbers

Counter Security Pens 30
Pen Refills 31

Signature Solutions

MMF pens are designed to make theft, tampering and bacterial growth things of the past! Features include strong adhesive bases, Antimicrobial Protection extending coils and cords that go the distance to get a signature!

Help prevent identity fraud and check washing with the new **Wedgy Secure™** and **Secure Ink Refills** that fit in any standard pen!

See page 29

Chain & Replacement Counter Pens

MMF **Secure-A-Pen®**, **Chain-Riter®** and **Wedgy®** pens offer antimicrobial protection originating from a naturally-occurring silver technology that prevents bacterial and fungal growth on the surface of the pen. This long lasting protection evolves from an environmentally friendly technology and is EPA and FDA approved†.

†Antimicrobial protection is limited to the treated article and does not protect a user against disease causing bacteria. Always clean products thoroughly after each use.

PROTECTED BY agion ANTIMICROBIAL PRODUCT PROTECTION

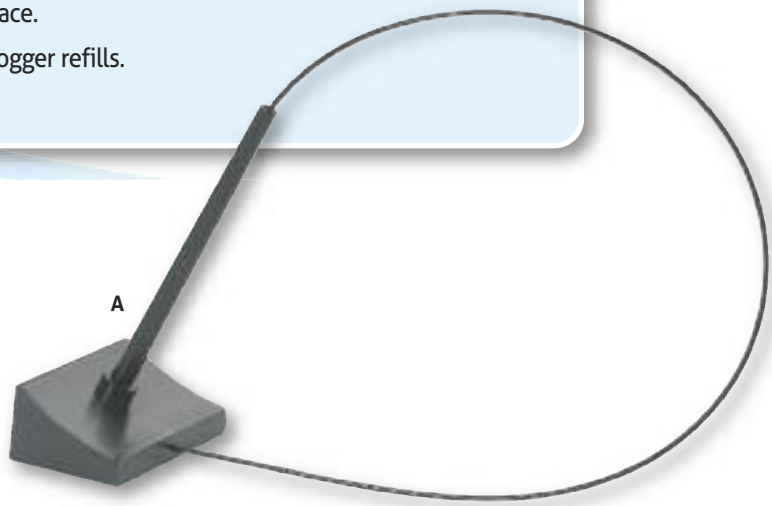
Counter Security Pens

MMF Counter Security Pens are made strong to stay put!

- ***Ergonomically designed pens are tamper, theft and damage-resistant!***

Durable anodized aluminum pens feature a tapered barrel. Unique locking sleeve discourages attempts to dismantle it, yet can be easily unlocked without special tools for refills. Damage-resistant, spring-loaded tip retracts into pen if hit against a hard surface. Sturdy base mounts easily with double-backed adhesive to any clean, hard surface.

Kable®, **Sentry™** and **Re-Trac-To™** pens use Jumbo Jogger refills. Refills are available (sold separately, see page 31).



A. Kable® Base and Pen Set

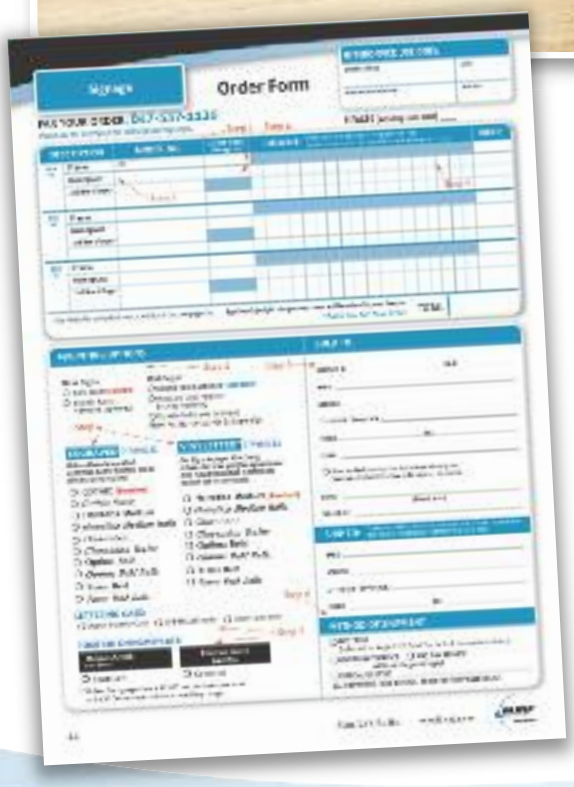
How to Order Signs

Ordering is Easy!

Turn to the Signage Order Form on page 46 and complete the information following these steps. (To order more than one sign style, please copy the form and keep original for future requirements.)



STEP 1

Choose Your Frame and Frame Color from Page 42

Choose either Radius or Square Frames, each available in different styles. Choose your Frame Color and add the Model No.

STEP 2

Choose Your Mounting Options from Page 42

Depending on whether you chose a Desk or Wall Sign, you have various options. Check the box on your order form to indicate your choice.

STEP 3

Choose Your Nameplate from Page 43

Choose Square or Radius, Engraved or Vinyletter™, Nameplate style to match your Frame selection, and add the Model No. to your order form.

STEP 4

Choose Your Nameplate Color and Typeface from Page 45

Depending on your Nameplate style, a variety of colors and typefaces are available. Enter color code and check box to indicate typeface on your order form.

STEP 5

Specify Your Custom Copy and Style on Order Form on Page 46

Indicate your copy, positioning and lettering case.

STEP 6

Fill in Sold To and Ship To Information and Method of Shipment on Order Form on Page 46

Fill out all account information and don't forget to check your method of shipment!

Nameplate Colors

Add the Nameplate Color Code and Typeface Style to the order form on page 46

See page 44 for Easy Ordering Steps.

Subsurface-Engraved Nameplate Colors

Imprint is engraved from the back of the nameplate, then covered with a blended acrylic material.

- GRAY NAMEPLATE BLACK LETTERS (S01)
- BLACK NAMEPLATE WHITE LETTERS (S04)
- WHITE NAMEPLATE BLACK LETTERS (S06)
- BROWN NAMEPLATE WHITE LETTERS (S09)
- BORDEAUX NAMEPLATE WHITE LETTERS (S17)
- METALLIC BLUE NAMEPLATE BLACK LETTERS (S18)
- GOLD NAMEPLATE BLACK LETTERS (S45)

Engraved Nameplate Colors

Imprint is etched on the front of the nameplate for a clean, textured look.

- BLACK NAMEPLATE WHITE LETTERS (04)
- WHITE NAMEPLATE BLACK LETTERS (06)
- BROWN NAMEPLATE WHITE LETTERS (09)
- GOLD NAMEPLATE BLACK LETTERS (45)
- SILVER NAMEPLATE BLACK LETTERS (50)

Vinyletter™ Nameplate Colors

White or black vinyl letters are precision cut and evenly spaced on nameplate. Vinyletter nameplates cannot be used on aluminum frame signs.

- **Gray Nameplate** Black Letters (01)
- **Black Nameplate** White Letters (04)
- **Bronze Nameplate** White Letters (93)

Safeguard your Deposits

Minimize fraud and loss during cash deposits and transfers! No matter what your bag, there's something for every security need. From plastic to cloth, MMF proudly offers a wide variety of bags ranging from simple currency deposit bags, to high-security locking bags, to fire-resistant security couriers and totes.

See page 50

Protect your deposits today with new **Bio-Natural™ Tamper-Evident Bags!**

Tamper-Evident Deposit Bags

Maximum Security Features

Minimize fraud and loss during cash transfers

Release liner exposes adhesive and also serves as a receipt for your records.

Bar code matches sequential alphanumeric numbering and has a high readability rate for accurate scanning.

Unique alphanumeric numbering stamped on bag and release liner creates tracking capabilities. This feature prevents thieves from stealing and replacing the bag.

Yellow shaded write-on area accepts notations using a pen or marker.

Serrated edging enhances the physical aspects of the security technology, but does not compromise the strength of the closure.

Security closure incorporates a "honeycomb" void pattern which includes specially-designed "target" lines within the heat indicating dots. Exceeds all requirements for levels of tamper-evidence at temperatures ranging from -60°F to 160°F.

Strong pouch seams are indented from the edge of the bag by a minimum of 1/8". If cut and resealed, portions of the microprinting along the seams will be visibly missing.

Sturdy, co-extruded polyethylene recyclable plastic construction ensures no ripping or puncturing occurs under normal use.

Bottom edge of bag is folded, not sealed. Any attempt to enter the bag through the bottom would require puncturing the bag, which would be instantly visible.

Tamper Indicators

HEAT INDICATORS
Blue dots appear on seal when tampered with heat from a hair dryer, vehicle heater, or other source.

COLD INDICATORS
'VOID' graphics on seal give instant evidence of attacks on the bag by freezing agents such as coolants or Freon. Serrated edges tear when tampered.

SALIVA INDICATORS
Black "star" graphics under seal appear distorted when saliva-soluble ink comes into contact with saliva, solvents, or other chemicals.

SEAM INDICATORS
Microprint along sides is missing or distorted if seams are cut and resealed.

7-Pin Security Bags in Retail Packaging

- Lock is keyed differently
- Includes two keys

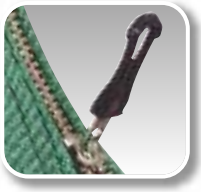
Model No.	Color(s)	Fabric	Dimensions W	Dimensions H	Dimensions D
233110808	Navy	Nylon	11"	8-1/2"	1/2"
233110847*	Assorted	Laminated Nylon	11"	8-1/2"	1/2"

*Assorted sold in case of three: 1 Navy, 1 Red, and 1 Green
Stock bags cannot be customized

7-Pin Security Bags provide Ultimate Security and Durability!

UltimaShield™ metal guard protects lock from impact and abuse.

Heavy-Duty Vinyl Secures lock to bag.



Pick-Resistant Nickel zipper. Strong, nylon zipper tape. Easy-grip, molded zipper pull.

Reinforced Seams add strength and prevent raveling.

The Most Secure Lock in the Industry

The seven pins inside the tumbler make the lock virtually pick-resistant.

The lock is unique because the key cannot be released until the lock plunger is pressed down. This feature prevents users from accidentally locking their keys inside the bag.

U.S. Patent No. 5820267

*Full color retail packaging

Locking Security Bags

MTO 21

A. Key-Free Security Bags

- ***With the "no-key" system management can trust that the contents have not been tampered with once the lock is secured***
- Unlike our other 7-Pin locks, the Key Free lock can be locked without a key in place
- Strap wraps around the lock plunger so bag won't lock
- Framed acrylic I.D. window is for business and address cards come standard

Model No.	Fabric	Bag Size W	Bag Size H	Imprint Area W	Imprint Area H
2331207KDB	DuraBlock™	10-1/2"	9"	8"	3-1/4"
2331214K	Laminated Nylon	10-1/2"	9"	8"	3-1/4"
2331209KDB	DuraBlock™	11"	8-1/2"	8"	3"
2331216K	Laminated Nylon	11"	8-1/2"	8"	3"
2331210KDB	DuraBlock™	12"	9"	9"	3-1/4"
2331217K	Laminated Nylon	12"	9"	9"	3-1/4"
2331213KDB	DuraBlock™	16"	12"	11"	5-1/2"
2331220K	Laminated Nylon	16"	12"	11"	5-1/2"

1. Bag is given to user in an open position with no key.
2. User places vinyl strap around lock plunger so bag won't lock. At end of shift, strap is pulled over plunger and placed inside bag.
3. User zips bag and presses down plunger. Bag can now be returned to the cash management office. Contents are retrieved by authorized employee possessing the key.

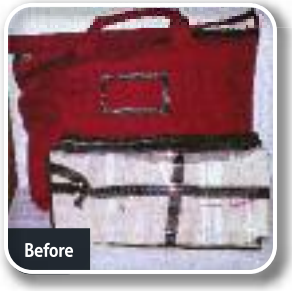
Fire-Resistant Bags

Fire-Block® Bags provide superior Fire-Resistance and strength!

In an independent laboratory test, a Fire-Block® Satchel containing stacks of checks in a clear vinyl bag was engulfed in 1600° F flames for 15 minutes. 100% of the contents survived showing only slight charring on the edges, but completely legible. Actual fires may produce varying results.



Photos taken at independent lab site

Multi-Layer Construction

One-ply 1000-Denier Fabric

Twice as durable as ordinary nylon and 14 times more durable than cotton. The shell is made from 1000-denier nylon with a polyvinyl laminate. It's exceptionally resistant to punctures and tears. Moisture-proof laminate prevents paper contents form water damage that could cause curling at the edges

Two-ply Fire-Barrier Fabric

Withstands a constant temperature of 1800° F, with a melting point of 3000°F. This fabric makes the bag fire-resistant! The thermal barrier consists of 18-oz. silica fabric and aluminized polyester, which reflects high levels of radiant energy. It also provides strength and abrasion resistance.

One-ply Heavyweight Wool Insulation

Adds strength and protects contents from moisture. The 6-oz. layer of cotton conceals the Fire-Barrier fabric and adds to the thickness of the bag.

A. Fire-Block® Rugged Totes

- ***Outer shell is durable Laminated 1000-Denier fabric***
- Features double-stitched seams and leather-like reinforcements at typical wear points
- Comfort-wrapped handles and includes standard I.D. window and address card

Bag Fabrics & Colors

STEP 1 Choose Fabric Color

★ Durability Rating

Find the name of the fabric you selected for your bag. Choose a color and add the two-digit color code to your order.

Leatherette Vinyl ★★☆☆☆

Expandable fabric with vinyl coating has an attractive, glossy texture with a leather-like grain. Easy to clean. **Fabric can be silk-screen imprinted.**

(01) (06)

For personalization, black ink recommended

(02) (04) (07) (08) (17) (32) (38) (76) (C5) (C9)

For personalization, white ink recommended

600-Denier Polyester ★★★☆☆

600-denier fabric with waterproof polyvinyl coating is extremely durable and wear-resistant. **Fabric can be silk-screen imprinted or embroidered.**

DuraBlock™ ★★★★☆

Rugged, two-ply cotton canvas is extremely puncture- and wear-resistant. Thick weight and rigid construction are designed for rigorous applications. Water-repellent. **Fabric can be silk-screen imprinted or embroidered.**

(12)

For personalization, black ink/thread recommended.

(01) (02) (04) (07) (08) (09) (17) (40) (C9)

For personalization, white ink/thread recommended.

Nylon ★★★½☆

70-denier fabric with waterproof polyvinyl coating is extremely lightweight, yet sturdy. **Fabric can be silk-screen imprinted.**

Laminated Nylon ★★★★½

3-ply construction of 70-denier fabric with waterproof polyvinyl coating and cotton twill backing. Provides greater strength and is more puncture-resistant than standard nylon. **Fabric can be silk-screen imprinted or embroidered.**

(01) (06) (12)

For personalization, black ink/thread recommended

(02) (04) (07) (08) (17) (19) (40) (76) (C9)

For personalization, white ink/thread recommended

1000-Denier ★★★★½

Waterproof polyvinyl coating is twice as durable as nylon and 14 times more durable than cotton. Handsome texture. **Fabric can be silk-screen imprinted or embroidered.**

Laminated 1000-Denier ★★★★½

3-ply fabric with waterproof polyvinyl coating and cotton twill backing. Twice as rigid as standard 1000-Denier. Handsome texture. **Fabric can be silk-screen imprinted or embroidered.**

(03) (12)

For personalization, black ink/thread recommended

(04) (07) (08) (09) (17) (34) (38) (40)

For personalization, white ink/thread recommended

1800-Denier Polyester ★★★★★

Our heaviest fabric available! 1800-denier fabric with waterproof polyvinyl coating is thick, heavy and durable making it ideal for heavy-duty bags. **Fabric can be silk-screen imprinted or embroidered.**

(04)

For personalization, white ink/thread recommended.

How to Order

2325001 P 08

Model No. Add "P" for imprinting Color Code

Fabric Color Code: (add code to the Model No. of your bag)

(01) Light Gray	(06) Natural or White	(12) Yellow	(32) Dark Blue	(76) Teal
(02) Hunter Green	(07) Red	(17) Burgundy	(34) Forest Green	(C5) Wedgewood Blue
(03) Tan	(08) Navy	(19) Purple	(38) Marine Blue	(C9) Mariner Blue
(04) Black	(09) Brown	(20) Clear Vinyl	(40) Kelly Green	

Cannot guarantee against variances in fabric color, shade, texture or weave. Actual fabric colors may vary slightly from what is shown here.

Bag Personalization Options

STEP 2 Choose Your (A) Imprint Ink Color and (B) Typeface

Depending on your fabric type, you can silk-screen imprint or embroider your bags (see fabric description on page 69).

SCREEN PRINT OPTIONS

A. Ink Colors

Screen-print Options

Most of our bags are available with a FREE one-color screen-print with a minimum purchase requirement. We have many new colors and typefaces to choose from for the best selection in the industry. Add **P** to the base item number to take advantage of this free upgrade to personalize your bags.

Simply add the item number below per order to select Logo or Text imprint. If you do not order the minimum quantity for a FREE one-color screen print. A set up fee of $35 applies.

To add Screen-print on quantities below first quantity break:

Logo Imprint:	$35/order	P233-9002 + Color Code
Text Only Imprint:	$35/order	P233-9004 + Color Code

Additional Options for All Quantities

For additional ink colors:	$.50/ea.	P233-9008 + Color Code
For additional locations:	$.50/ea.	P233-900900

Consecutive Numbering

Consecutive or sequential numbering is an easy way to track and account for bags within your system. To add Sequential Numbering in screen-print to your bag order use both the following item numbers:

Consecutive Number Setup:	$35/order	P233-900600
Consecutive Number Per Bag:	$.50/ea	P233-9007 + Color Code

Art Retouch Service

If your logo is in a format that will not produce a quality imprint, we will be happy to provide a quote to retouch your art

Per 60 min. charge:	$60	P233900100
Per 15 min. charge	$15	P233901000

Choose Your (A) Embroidery Thread Color and (B) Typeface

Depending on your fabric type, you can silk-screen imprint or embroider your bags (see fabric description on page 69).

EMBROIDERY OPTIONS

A. Thread Colors

Embroidery Options

Embroidery provides a lasting, durable imprint to showcase your brand. This premium service is available for use most fabrics. We have many new colors and typefaces to choose from, for the best selection in the industry.

One-time Setup fee for logo:	$75.00*	E233-901200
Logo Imprint per bag:	$1.50	E233-9013 + Color Code
Text Only Imprint:	$1.50	E233-9014 + Color Code
Add a thread color:	$.25/ea.	E233-9019 + Color Code
For additional locations:	$.50/ea.	E233-9018 + Color Code

Consecutive Numbering

Consecutive or sequential numbering is an easy way to track and account for bags within your system. To add Sequential Numbering in screen-print to your bag order use both the following item numbers:

Consecutive Number Setup:	$35/order	E233-901500
Consecutive Number Per Bag:	$1.50/ea.	E233-9016 + Color Code

Additional ink and thread colors, PMS matching and typefaces are available upon request, though additional fees may apply.

Embroidery set-up and per bag fees may vary based on the complexity of the color and final thread count.

Art Retouch Service

If your logo is in a format that will not produce a quality imprint, we will be happy to provide a quote to retouch your art

Per 60 min. charge:	$60	E233901100
Per 15 min. charge	$15	E233902000

Imprinting Guidelines

Quality logo imprints begin with quality artwork

At MMF, we strive to ensure that you are delighted with the quality of your imprinted products. Please submit your artwork per the guidelines below so we may begin processing your order.

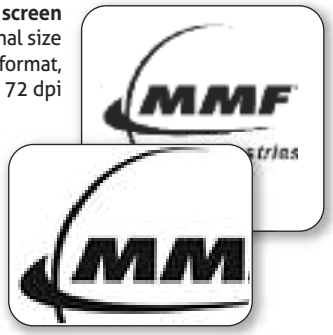
For help with your order, please call Customer Service
800-323-8181

What is print-ready logo artwork?

Logo artwork should be sharp and clean with no rough or jagged edges. Many times, artwork will look good on screen or when printed at a small size. But, when enlarged to the size needed for your imprinted product, any imperfections are also magnified as shown in the example below. To ensure that your order is processed immediately and your artwork reproduces well, be sure your artwork meets the requirements listed in the *Guidelines for Submitting Artwork.*

How logo looks on screen
Logo at original size
Logo saved as .gif file format,
1" x .2", 40kb, 72 dpi

How the same logo looks when enlarged for imprinting



Not sure where to get print-ready logo artwork?

You may want to start by checking with your marketing, public relations, advertising or art resource to find the artwork that your company uses for print production.

Unable to provide print-ready logo artwork?

If you prefer, instead of a logo, we can create straight-line copy. Just specify the copy and the desired typeface/font (provide font name and a printed example), and we will match it as closely as possible. Or, if you would like to use your logo and are not sure if it is print-ready, send us the best quality, largest logo that you have and see details about our Art Retouch Service below.

Art Retouch Service: If your logo is in a format that will not produce a quality imprint, we will be happy to provide a quote to retouch your art. Charges for retouching artwork are billed at $50.00 per hour with your prior authorization. This is a one-time art retouch charge, so unless your artwork changes, we will use your retouched logo for all future orders. Upon request, we will send a copy of the retouched art file to you.

Guidelines for Submitting Artwork
(for the artwork preparer)

Electronic Artwork Requirements

- Preferred file format: Vector images created in Adobe Illustrator CS3 or earlier (file names ending with .eps or .ai).
- Acceptable file formats: QuarkXpress 7.0 or earlier, PDF.
- Convert all text to outlines.
- Include all fonts and linked graphics.
- Raster images (file names ending in tif, .jpg or .psd) will be reviewed by the art department to determine if acceptable. Please note that saving a placed raster file as .eps does not qualify as vector art.
- Low-resolution electronic files such as Microsoft Word (.doc) and web images (.bmp and .gif) are not acceptable.
- Email files (call Customer Service for email address) or place on CD, DVD, Zip disk or 3.5" floppy disk.

If electronic artwork is not available, please submit hardcopy artwork per the following guidelines.

Hardcopy Artwork Requirements

- Preferred hardcopy format: Black ink laser copy printed at 600 dpi, to same size as desired imprint.
- No grayscale images.
- Image should be clear and clean, with no rough/jagged edges. The quality seen on the printout is what can be expected on the product.
- Do not fold, staple or tape hardcopy artwork.
- Faxes, photocopies and textured letterhead or business cards are not acceptable artwork.
- Call Customer Service for mailing information.

General Guidelines

- Specify imprint colors with PMS ink color(s).
- Do not create process, CMYK or RGB colors or gradients.
- Artwork for envelopes should not bleed; all printable material (live matter) should be at least 1/8" inside the envelope trim size.

Lock Options

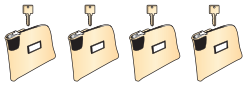
7-Pin Lock Options

Two keys supplied with each bag, ideal for multiple bag users. Master-keying option reduces the number of keys to maintain.

Keyed Differently (standard)

Non-Master-Keyed Lock

- Each bag has a different key code.



Master-Keyed Lock

- Each bag has its own key code. One master key opens all the bags in the master-keyed series (master key sold separately).

Lock Model No.

Full Custom Bag Program: MTO 21

While MMF Industries offers a wide array of bags, we may not have exactly what YOU need featured in this catalog. Depending on your specific transport, security and/or storage application, MMF's Custom Bag Experts, with over 50 years of experience, can modify an existing design or create a whole new bag based on YOUR specific design requirements. Full Custom Bags require 21 Business Days lead time.

You provide a sketch or a sample...

Here's How:

1. Specify how your bag will be used
2. Size requirements, color, closure style and any other important features needed
3. The material properties needed and/or specify type of material
4. Level of security and keying requirements
5. If you can, provide a sketch, photo, or sample for our Design and Engineering team and we'll show you a final drawing and/or provide prototypes for approval to make sure we are meeting your exact needs!

We'll design and manufacture it!

Talk to your MMF Representative or contact Customer Service at 800-323-8181 for options, details and pricing

A Uni-Tag® Key Cabinets

- ***Keep track of your "loaner" keys and organize your business***
- Perfect for offices, rental management, facilities management, storage facilities, fleet trucks, and auto rentals

Here's how they work:

1. Attach keys to numbered key tags and file on key rack slots for easy identification (key tags included). Slotted steel key racks hold key tags securely.
2. When a key is loaned or issued, an "Out Key" control tag (included) recording key number, key recipient, and date is filled out. File "Out Key" tag in same slot as key originally resided to provide key tracking and accountability.
3. For additional organization, alphabetical and numerical lock location charts can be filled out (included).

- Durable heavy-gauge steel with scratch and chip-resistant finish
- Cabinets feature piano-hinged doors and key panels
- Door-mounted disc tumbler lock comes with two keys
- Predrilled holes and mounting hardware (included)
- Sand color

MTO 7 Master-keyed, keyed alike, dual-control, or combination locks are available for an additional charge, see page 26.

Two-Tag Key Cabinets

STEELMASTER

A. Dupli-Key® In-Drawer Key Tray

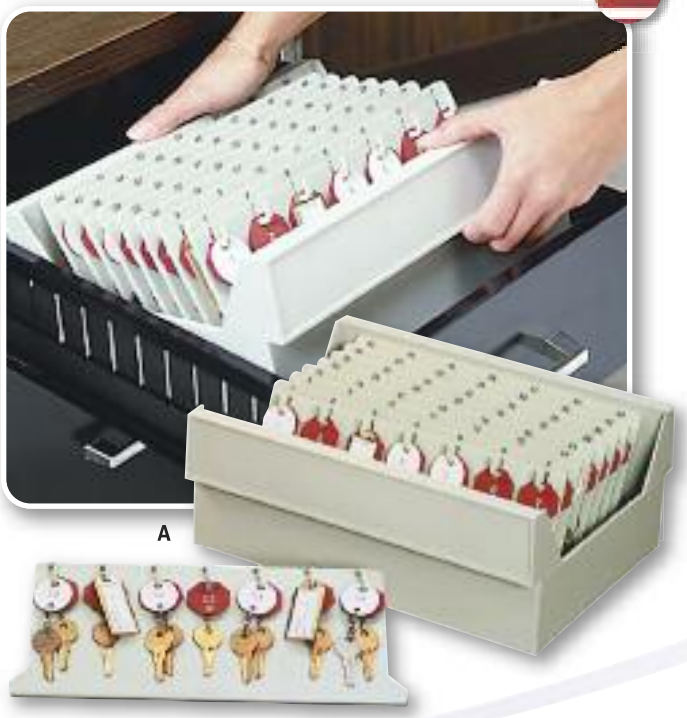
- ***Compact, portable molded plastic tray fits in a desk drawer, file cabinet, or safe***

Here's how it works:

1. Attach your master keys to red octagonal-shaped, self-locking key tags. Fasten duplicate loaner keys to white oval-shaped key ring and file them on the same hook as the master key.
2. When a loaner key is issued, insert a **Receipt Slip** recording the key recipient and date into a **Plastic Holder**, and hang with the red key tag holding the master key.
3. Log all issued loaner keys into the **Key Loan Register** to keep a written record.

- Includes a complete set of numbered key tags, receipt slips and holders, key collection envelopes and **Cross Reference Index Kit** (Pg 83)
- Unit has 56-key capacity featuring eight panels with seven hooks each, and can be expanded by adding additional drawer trays
- Putty color

Model No.	UPC Code	Dimensions W	H	D	Shpg. Wt. (lbs.)
201705689	0 78541 16221 1	12"	4-3/4"	9-7/8"	6



A

50%

B. Dupli-Key® Two-Tag Cabinets

- ***Perfect for offices, rental management, facilities management, storage facilities, fleet trucks, and auto rentals***
- The Dupli-Key® system utilizes two different sets of numbered key tags to make managing keys as efficient as possible

Here's how it works:

1. Attach your master keys to red octagonal-shaped, self-locking key tags. Fasten duplicate loaner keys to white oval-shaped key ring and file them on the same hook as the master key.
2. When a loaner key is issued, insert a **Receipt Slip** recording the key recipient and date into a **Plastic Holder**, and hang with the red key tag holding the master key.
3. Log all issued loaner keys into the **Key Loan Register** to keep a written record.

- All cabinets include a complete set of numbered key tags, receipt slips and holders, key collection envelopes and **Cross Reference Index Kit** (Pg 83)
- Full length piano hinges for easy movement
- Durable heavy-gauge steel with scratch and chip-resistant finish
- Predrilled holes and mounting hardware (included)
- Door-mounted disc tumbler lock provides added security and comes with two keys
