- Heavy-duty, 4-mil, foil-backed label with a smooth EDP paper allows you to cover old MICR codes and easily re-code
- Adhesive-backed labels stick securely and are available in three widths
- Easy-to-dispense box allows you to separate label from wax paper
- Fusion-proof special finish prevents sticking or clinging
- Packed 1,000 seals per box

Choosing the right Correction Label:

- Size 2-1/4" x 7/16" is typically used for Amount Field
- Size 2" x 7/16" is typically used for Amount Field with tight positioning
- Size 1-3/4" x 7/16" is typically used for the Routing and Transit Fields

Check corrections made easy
for all proof department personnel

B. Code-Erase® MICR Code Remover

- Code-Erase is a complete MICR print eraser system that removes iron oxide from encoded checks rendering them unreadable by OCR scanners
- Solution bottle contains a long-life magnet that traps ink from the dauber and solution leaving both clean for your next smudge-free erasing
- System allows you to make up to 2,500 clean, smudge-free erasures with the fast-drying solution
- Unique formula does not cover ID, signature or vital data
- Each Code-Erase system includes four 4-oz. bottles of solution, one tray/holder and one blotter insert

C. MICR Correction Strips

- Printed on high-quality MICR bond and translucent paper
- MICR Strips measure 1-1/8" W x 6" D with a removable adhesive backing for fast application
- Translucent paper reduces bulk and allows endorsements to show through for microfilming
- For best results, correction strip should be flush with the right edge of the check
- Packed 1,500 strips per box
- 10 boxes per case

Model No.	UPC Code	Dimensions W H	Shpg. Wt./ Box (lbs.)
269400800	0 78541 15558 9	1-1/8" 6"	2.3

As easy as
1-2-3 to use:

- 1) Peel off tape to expose adhesive
- 2) Line up strip at bottom of check and apply
- 3) Re-encode MICR numbers
